(Plaintiff's counsel stated to the Court that on the back of the exhibits offered in evidence by them there had been placed letters and words which by resort to Exhibit 1944 would indicate where the particular exhibit came from. The backs of these documents have not been designated for printing. It is agreed that either party may refer in their briefs of argument to a document as being a document of a particular company or person without citing the identifying mark of this exhibit. The opposing party may, in the case of any reference to the source of an exhibit, challenge such reference. As part of this stipulation there have been inserted after the symbols the corresponding exhibit numbers. Such designation shall not preclude either party from referring to this exhibit as a reference for the source of documents not listed in this enumeration.)

Plaintiff's Exhibit 1945

9001 Name: W. H. Belknap

Address: Medical Dental Building

Charges Filed: April 1, 1940

Charges:

"1. Dr. W. H. Belknap is associated in his practice with the National Hospital Association, which is a corporation organized for profit. Said Association provides, and contracts with individuals and groups to provide medical and surgical service, and said Dr. Belknap renders medical care to such individuals at the request of said Association or its agents.

2. The contract practice of said Association violates Chapter III, Article VI, Section 3, of the said Principles, in that:

(a) It employs solicitation of patients, directly or indirectly;

(b) It interferes with reasonable competition in Portland;

(c) Free choice of physician is prevented, and the tendency and effect is to prevent free choice of physician;

(d) The contract practice of the Association, and its practical results, are contrary to sound public policy.

3. Said Dr. Belknap has violated Chapter III, Article I, Section 4, of said Principles in that he procures patients indirectly through solicitors, agents or advertisements of said Association.

4. Said Dr. Belknap has violated Chapter III, Article VI, Section 5, of said Principles in that he disposes of his professional attainments or services in such a manner as to permit a direct profit from the fees, salary or compensation received to accrue to the said Association and its stockholders."

OFFICE OF THE SECRETARY

April 1, 1940

Dr. Charles P. Wilson, Secretary
Multnomah County Medical Society
Portland, Oregon

Dear Dr. Wilson:

The Grievance Committee of the Multnomah County Medical Society has information which leads it to believe that Dr. W. H. Belknap is violating the Principles of Medical Ethics of the American Medical Association, and it therefore becomes the duty of the Committee to file the following formal charges:

1. Dr. W. H. Belknap is associated in his practice with the National Hospital Association, which is a corporation organized for profit. Said Association provides, and contracts with individuals and groups to provide medical and surgical service, and said Dr. Belknap renders medical care to such individuals at the request of said Association or its agents.

2. The contract practice of said Association violates Chapter III, Article VI, Section 3, of the said Principles, in that:

(a) It employs solicitation of patients, directly or indirectly;

(b) It interferes with reasonable competition in Portland;

(c) Free choice of physician is prevented, and the tendency and effect is to prevent free choice of physician;

(d) The contract practice of the Association, and its practical results, are contrary to sound public policy.

3. Said Dr. Belknap has violated Chapter III, Article I, Section 4, of said Principles in that he procures patients indirectly through solicitors, agents or advertisements of said Association.

4. Said Dr. Belknap has violated Chapter III, Article VI, Section 5, of said Principles in that he disposes of his professional attainments or services in such a manner as to permit a direct profit from the fees, salary or compensation received to accrue to the said Association and its stockholders.

Very truly yours,

REPORT OF THE SECRETARY

Your Secretary presents the following report for the past year. This report includes a digest of the major actions taken by the Council.

The status of our membership on September 1, 1948 was as follows:

Active	953
Junior	180
Associate	85
Life	19
Honorary	10
Total	1247

Thus, there has been a growth in membership of 89 members over the total of 1,158 on the rolls on September 1, 1947.

The Council was most assiduous in discharging its duties. Ten meetings were held, one each month, except during May, when the midyear meeting of the House of Delegates was held, and September, our annual session month.

The following summary sets forth the chief actions of the Council.

1. Designated the Secretary as the Society's representative at the Conference on Veterans Administration Home-Town Medical Care held on November 6, 1947 under the sponsorship of the Council on Medical Service of the American Medical Association.

2. At the request of Harold M. Erickson, State Health Officer, authorized the President to appoint a committee to draft recommendations concerning the medical conditions which might be dangerous to safe driving.

3. Accepted the invitation of the Jackson County Medical Society to hold the 1948 Session in Medford during the third week of September.

4. Authorized the President to appoint a committee to study the blood program of the American National Red Cross and to submit recommendations.

5. Redesignated Ralph E. Purvine of Salem as the Society's representative on the Oregon State Joint Committee for Health and Physical Fitness.

9007 6. Approved the increase in the subscription price of "Northwest Medicine" from $2.00 to $3.00.

7. Designated Edward H. McLean of Oregon City as the Society's representative and Karl H. Martzloff as

alternate representative at the Eighth Annual Congress on Industrial Health.

8. Authorized the Committee on Public Policy to arrange a speaking trip for Marjorie Shearon, Ph.D., Research Analyst of Washington, D.C., under the joint sponsorship of the Oregon State Federation of Professional Societies and the Insurance Economics Society of America.

9. Adopted the following recommendations to stimulate subscriptions to the Shearon Medical Legislative Service:

   1. That a letter be sent to each member urging him to subscribe.

   2. That a letter be sent to the President of each state medical association recommending that he endeavor to induce his association to subscribe on an annual "sustaining" basis of $500.00.

   3. That a letter be sent to each prepayment medical care plan approved by the Council on Medical Service of the American Medical Association urging it to subscribe on an annual "sustaining" basis of $500.00.

* * * * *

12. Instructed the Delegates to the American Medical Association to support the following resolution to be presented by the Utah State Medical Association to the House of Delegates of the American Medical Association at its Interim Session on January 5-6, 1948:

KNOW ALL MEN BY THESE PRESENTS:

WHEREAS, The practice of radiology, pathology and anesthesiology is recognized by the American Medical Association as the practice of medicine; and

WHEREAS, Leading hospital organizations of the United States have recognized this fact; and

WHEREAS, There is a tendency on the part of certain hospital administrators to utilize

the profits resulting from the operation of these departments in their institutions; and

WHEREAS, This constitutes exploitation of professional medical services; and

9009 WHEREAS, This is contrary to medical ethics;

THEREFORE BE IT RESOLVED, it is the sense of the Council that this practice should be condemned; and

BE IT FURTHER RESOLVED, that the Council of the Utah State Medical Association urge the House of Delegates of the American Medical Association to instruct the Board of Trustees of the American Medical Association to direct the Council on Medical Education and Hospitals to refuse approval for training of residents and interns, of any hospital exploiting professional medical services.

• • • • •

14. Adopted the following recommendations submitted by the Committee on Public Health:

• • • • •

4. That the Oregon State Board of Health and the Oregon State Medical Society jointly sponsor a postgraduate "refresher" course in obstetrics and pediatrics to be presented in ten centers of the State during late April or early May.

9010 • • • • •

20. Nominated Edward H. McLean of Oregon City to succeed himself as a representative of the Oregon State Medical Society on the Board of Trustees of the Northwest Hospital Service Plan.

21. Voted that a State Conference on the Cooperation of the Physician in the School Health and Physical Education program be sponsored and that Ralph E. Purvine, the Society's representative on the Oregon State Joint Committee for Health and Physical Fitness, be designated to make the arrangements for the Conference.

22. Voted to participate in the planning conference for the 1950 White House Conference on Child Health to be held on March 29-30-31, 1948 at Washington, D.C., under the sponsorship of the U. S. Children's Bureau and that Carl G. Ashley be designated as the representative of the Society at this planning conference.

23. Adopted a group life insurance plan of the Northwestern National Life Insurance Company.

24. Approved the following actions of the Committee on Public Relations:

    1. Authorized the placement of educational exhibits at the Oregon State Fair and the County Fairs, the exhibit booths to be staffed by members of the Woman's Auxiliary.

    2. Authorized the offering of a weekly health column to the newspapers of the State.

    3. Authorized the establishment of a Speaker's Bureau at Society headquarters through which members will be available for educational talks before lay organizations.

    4. Authorized the placement of "Hygeia" in the reception rooms of members engaged in private practice.

25. Voted to participate in the Northwest Conference on Rural Life and Education and to authorize the President to appoint the representatives of the Society.

* * * * *

9011 27. Authorized James E. Buckley, First Vice-President, and the members of the Committee on State Industrial Affairs to attend, at the Society's expense, the Northwest Regional Conference sponsored by the Council on Industrial Health and the Council on Medical Service of the American Medical Association on March 20-21, 1948 at Spokane.

28. Recommended to Governor John H. Hall that he appoint Leslie S. Kent as the representative of the Society on the Governor's State Committee on Children and Youth.

* * * * *

9012 • • • • • •

35. Nominated Roger Biswell of Baker, Edwin G. Kirby of La Grande, and Charles E. Palmer of Ontario for the consideration of Governor John H. Hall in filling the vacancy on the Oregon State Board of Medical Examiners for the unexpired term ending February 28, 1951, created by the resignation of Carl G. Patterson of Baker.

REPORT OF DELEGATES TO THE AMERICAN MEDICAL ASSOCIATION

The annual session of the American Medical Association held in Chicago, June 21-25, 1948, inclusive, was attended by the two official delegates from the Oregon State Medical Society, Drs. Edward H. McLean and Raymond M. McKeown.

Delegates from the State Societies had difficulty this year attending any scientific sessions or visiting the exhibits before the last day of the convention so full was the business agenda of the House of Delegates.

Dr. McKeown was assigned to the reference committee on "Emergency Medical Care" where he served as Secretary, while Dr. McLean was a member of the Committee who selected the candidates for the "Distinguished Service Award."

The "Committee on Emergency Medical Care" cooperated with the Committee on National Emergency Medical Care, as well as the Board of Trustees in an effort to prepare the medical profession for a national emergency such as atomic warfare. The report of this Committee will be published in the Journal of the A.M.A.

The activities of Dr. John Fitzgibbon on the Board of Trustees of the A.M.A. were outstanding as usual. Dr. Fitzgibbon's ability and personality make him invaluable on the Board. Dr. Gordon Leitch worked ably with the Associated Medical Care plans of the A.M.A. prior to the convention, and was instrumental in developing a valuable western grouping of prepaid medical service plans.

9015 Resolution I Concerning Oregon Physicians' Service

Russell L. Johnsrud, Delegate from the Multnomah County Medical Society, presented the following resolution:

WHEREAS, it is generally agreed that there is a necessity for a prepaid protective medical care against the high cost of major illness for people in the low income group; and

WHEREAS, it is our opinion that hospital coverage is not primarily part of a physician's responsibility; and, further

WHEREAS, the Oregon Physicians' Service, as it is now operated and conducted, has an involved service which goes beyond the original intent as to insurance coverage and medical care in groups that are not of the low income classification and that hospital coverage plans beyond the scope of the organization are also being carried on and

WHEREAS, the various activities of the Oregon Physicians' Service as they are now being carried out are exciting continued unfavorable and derogatory comments by the physicians of the state, and

WHEREAS, therefore, the primary objective of the Oregon Physicians' Service is not now being carried out, and

WHEREAS, there is much dissention and controversy among the participating physicians, the majority of whom do not now have a voice in its activities, and

WHEREAS, the present organization of managers and trustees precludes the voting of all participating physicians in determining policies in a democratic manner, and

WHEREAS, the majority of the physicians of this state are concerned with the promotion and advancement of Oregon Physicians' Service rather than its dissolution,

NOW THEREFORE BE IT RESOLVED that the articles of incorporation and by-laws be changed so that each participating physician may have the right to vote either directly or by proxy pertaining to the conduct of the Oregon Physicians' Service at officially prescribed meetings; and

BE IT FURTHER RESOLVED that the primary objective of the Oregon Physicians' Service be the rendering of prepaid medical service to low income groups; and

BE IT FURTHER RESOLVED that the Oregon Physicians' Service should divorce itself from direct hospital insurance business; and

BE IT FURTHER RESOLVED that, in order to promote harmony among physicians, that the matters pertaining to the care of patients in the low income group be under the direction of a carefully selected medical director so that the medical direction can be segregated from the purely business aspects.

BE IT ALSO FURTHER RESOLVED that, the President of the Oregon State Medical Society appoint a committee whose specific duties shall be to formulate a plan incorporating the above suggestions and such other changes as it might see fit to adopt. And that this Committee be further instructed to report their recommendations at the November meeting of the Council of the Oregon State Medical Society for its consideration.

R. L. Johnsrud, M. D.
Joe B. Davis, M. D.
Arch W. Diack, M. D.
Zanly C. Edelson, M. D.

It was voted that this report be referred to the Reference Committee on Reports of Committees and Officers.

Resolution II Concerning Oregon Physicians' Service

Delbert L. Smith, Delegate from the Benton County Medical Society, presented the following resolution:

WHEREAS, O.P.S. is a prepaid medical service plan operating under the sponsorship of the Oregon State Medical Society in Benton County; and

WHEREAS, Certain objections exist to the manner in which O.P.S. operates in this county; and

WHEREAS, Its articles of incorporation and by-laws establish the policy of local autonomy to the local medical society;

WE, The Benton County Medical Society do hereby resolve that the following list of objections and recommendations constitute the standards upon which we will collectively and separately judge approval or disapproval of prepaid medical plans

and do hereby invite O.P.S. to operate prepaid medical plans in this county in such a way that they avoid the objections and fulfill the recommendations hereinafter listed; and, that any insurance companies, prepaid medical plans, hospital associations, or others which operate to continue these objectionable features or who fail to comply with these recommendations shall not be approved.

We Object to:

1. Inclusion in contracts and in literature given to the patient of materials which influences choice of physicians by the patient.
2. Dictation of Physician's fees to all classes of subscribers regardless of their economic ability to pay a fee.
3. Agreements with physicians which allows O.P.S. to pay less than the physicians fee as the whole settlement to the physicians.

9021

4. Denial of physician's right and ability to fix a fair fee and charge accordingly.
5. Requirement of authorization before patient can receive the physicians continued attention under insurance coverage.
6. Requirement that the physicians expend their time to establish the patients claims with the company beyond a customary medical report.

We Recommend that:

1. Contracts should allow the selection of any legally licensed physicians and surgeons M.D.
2. No specific agreements should be made with individual physicians, but the insurance company has the right to expect that physicians as a whole will follow the ethical rules involving responsibility to patients, briefly they are as follows:
   a. That a physician will recommend only those procedures likely to fulfill the needs of the patient's health requirements.

b. That the physician will concern himself with the selection of the most economical means to cover the patient's requirements.

c. That the physician will avoid producing any hardships, which can be avoided, upon the patient because of fees or inconsiderate collection methods.

d. That the physician will insist upon fees which will enable him to continue and increase the facilities of knowledge and materials that he offers to the public.

3. The patient should understand clearly that fees for services which he accepts from the physician which are not covered by the provisions of his contract will be his responsibility to pay.

Done in regular session of the Benton County Medical Society this 14th day of September 1948, and ordered sent to the House of Delegates, Oregon State Medical Society and O.P.S. Council in meeting at Medford, Oregon.

(Signed) H. N. Whitelaw, M.D.
President
Benton County Medical Society

It was voted that this resolution be referred to the Committee on Resolutions.

Resolution Concerning Requirements for Approval of Hospitals for Internship and Residencies

At the request of Frank R. Menne, Councilor for the First District, who was unable to be present, Raymond M. McKeown, Delegate to the American Medical Association, presented the following resolution:

9022 Dr. Lamb stated that Wilmer C. Smith, Chief Medical Advisor, had suggested unofficially at this meeting that the physicians of the State be polled and asked to indicate the fees which they believed were too high or too low and to name the fees they felt were appropriate and that those fees concerning which a substantial percentage of physicians expressed dissatisfaction be revised. Dr. Lamb stated that it was first suggested that this poll be made by the Commission but that it was finally decided that the Committee join with the Commis-

sion in preparing a carefully worded letter. Dr. Lamb requested authority to have such a poll taken.

It was voted that this report be referred to the Committee on Reports of Committees and Officers.

REPORT OF COMMITTEE ON PUBLIC POLICY

In the absence of Gordon B. Leitch, Chairman, W. W. Baum, Member of the Committee, presented the following bills which the Committee proposed to sponsor in the 1949 Legislature.

1. To require boards licensing practitioners of any healing art to file annually a list of licensees with the Secretary of State, and to provide notice of revocation, suspension, or termination of such licenses.

2. To amend Section 54-9230.C.L.A., requiring physicians and surgeons to pay an annual registration fee by making it unlawful for the State of Oregon or any political subdivision thereof to impose an additional license fee or occupational tax.

3. To define the meaning of the words "physician" or "physician and surgeon" or "doctor" when used in the statutes of the State of Oregon.

4. To amend Sections 54-151, 54-152, and 54-153, O.C.L.A., relating to the use of the title "doctor" or any other title in connection with the healing arts by making it mandatory for boards licensing any of the healing arts to notify the appropriate district attorney of any violation of this act brought to their attention and requiring said district attorney to prosecute such violation, and by increasing the penalty.

5. To amend Section 101-907 O.C.L.A., pertaining to hospital associations by requiring such associations to file with the insurance commissioner the written consents of physicians in the area before writing contracts and to report the names and addresses of physicians servicing the contracts.

6. To amend Section 101-909 O.C.L.A., pertaining to hospital associations by prohibiting such hospital associations from advertising, stating, maintaining or holding themselves out as insurance companies.

9023 7. To amend Sections 126-363, 126-364, 126-365, and 126-366, O.C.L.A., as amended, relating to

services to crippled children, by transferring the administration of such services from the University of Oregon Medical School to the Oregon State Board of Health.

8. To provide funds for services to crippled children under the administration of the Oregon State Board of Health and repealing Chapter 170, Oregon Laws 1941.

9. To provide funds for the operation and maintenance of the child guidance clinic and designating the Oregon State Board of Health as the agency to administer the clinic, and repealing Chapter 171, Oregon Laws 1941.

Dr. Baum pointed out the importance of as nearly unanimous agreement among the medical profession on legislation sponsored by the Society so that opposition does not appear after the legislation is introduced. He urged that any objections to these proposed bills be voiced in the House so that any differences of opinion could be considered and, if possible, resolved.

It was voted that this report be referred to the Committee on Reports of Committees and Officers.

REPORT OF COMMITTEE ON CONSERVATION OF VISION

The cooperation of all agencies concerned with the care of the blind and the prevention of blindness have been contacted and their cooperation secured. The Budget Director in Salem has agreed to recommend that the State furnish the necessary funds for clerical help to complete the survey on the cause of blindness. It is hoped that within the next two years that this work can be completed.

Respectfully submitted,

REPORT OF COMMITTEE ON CENTRAL BLOOD BANK

At the meeting of the Council on November 8, 1947, Vice-Admiral Ross T. McIntire, USN (Ret.): Director of the Blood Donor Service of the American National Red Cross: Asa A. Burnes, Director of the Blood Donor Service of the

American National Red Cross for the Pacific Area; Arnold W. Groth, Chairman of the Portland-Multnomah County Chapter of the American National Red Cross, and Harold Berentson, Manager of the Portland-Multnomah County Chapter of the American National Red Cross; were present to discuss the National Blood Program of the Red Cross and the contemplated establishment of a regional blood center in Portland.

Dr. McIntire outlined the National Blood Program. He stated that the program contemplated the establishment of blood banks in every major city and in many secondary cities. He stated that the purposes were to provide blood for ordinary civilian use and to be prepared to supply blood in every country for . . .

* * * * *

9024 Recognizing the professional ability of the physicians constituting the Advisory Committee of the national American Red Cross and the efforts they have made in behalf of this program as well as the efforts of a similar committee approved by the House of Delegates of the American Medical Association in January 1948, your reference committee feels that this intimate cooperation should be continued. However, it is also the feeling of your committee that in a program of such national importance, even greater effort and cooperation is needed in the future to attain desired objectives. Accordingly, it recommends that the committee of the American Medical Association be enlarged to nine members with definite instructions to meet at stated intervals at the call of either the chairman of our committee or that of the Red Cross. The committee of the American Medical Association so appointed shall report to the House of Delegates at each session.

Your reference committee feels that any provision of free medical service or supply to everyone without regard to ability to pay is in opposition to the principle that it is the responsibility of an individual to assume the obligations of medical expense just as he does for other living expense. Your reference committee deplores the use of the term "free blood" in the publicity of the American Red Cross.

It will be seen that this report embodies the basic principle emphasized in the policies drafted by your Committee and contained in the resolution; namely, that the county medical society in each community concerned shall super-

vise and control the technical operation of community blood programs.

Respectfully submitted,

Edward H. McLean, Chairman

Bernard P. Harpole
F. K. Power
A. O. Pitman

It was voted that this report be referred to the Reference Committee on Reports of Committees and Officers.

Charles P. Wilson, member of the Committee on Central Blood Bank of Multnomah County Medical Society, outlined some of the problems encountered in the application of the principles adopted by the Council and the House of Delegates to the Portland Regional Blood Program. He stated that a satisfactory written agreement had finally been worked out between the Portland-Multnomah County Chapter of the Red Cross and the Multnomah County Medical Society and that this agreement had been approved by the Medical Director of the Pacific Area and the Administrator of the National Blood Program. Dr. Wilson stated that the identical terms of this agreement had been embodied in the resolution offered by the Committee on Central Blood Banks of the Oregon State Medical Society, which had been approved by the House of Delegates of the Society, and submitted to the House of Delegates of the American Medical Association at its 1948 Session.

Dr. Wilson stated that under the terms of this agreement the technical operation of the blood program is to be supervised and controlled by the Technical Supervisory Committee of the Multnomah County Medical Society. He stated that • • •

9025 5. That material for these purposes be obtained from the American Diabetes Association, which will furnish kits to be distributed to county societies, hospitals, newspapers and radio stations.

6. That hospital staffs devote one meeting during December to discussions of diabetes.

Kaufman, and Thomas R. Montgomery of Portland, Multnomah County Medical Society; A. O. Pitman of Hillsboro, Washington County Medical Society; and C. B. Menkel of McMinnville, Yamhill County Medical Society.

L. M. Spalding of Astoria, A. D. McMurdo of Heppner, Fred T. Burich and Charles L. Coyle of Medford, J. F. Hosch of Albany, and Arch W. Diack, Harold M. Erickson, Willard D. Rowland, Howard C. Stearns, DeNorval Unthank, and Birchard A. Van Loan of Portland were also present.

Herbert L. Hartley, Assistant to the Editor of "Northwest Medicine," was also present.

Clyde C. Foley, Executive Secretary; Roscoe K. Miller, Associate Executive Secretary; and Dave Hoss, Associate Executive Secretary were also present.

Werner E. Zeller, Chairman of the Committee on Credentials, reported that in the absence of the regularly elected delegates from certain component societies, the following members were present and eligible to be seated.

A. D. McMurdo of Heppner, Eastern Oregon District Medical Society; and Arch W. Diack, Willard D. Rowland, Howard C. Stearns, DeNorval Unthank, and Birchard A. Van Loan of Portland, Multnomah County Medical Society. These members were seated by vote of the House.

REPORT OF COMMITTEE ON PUBLIC RELATIONS

Since the last annual meeting of the State Society, some member of the Committee on Public Relations has visited and addressed all the component societies in the State on Public Relations and Health Education with the exception of three—two of the latter being small societies.

Your Chairman has personally appeared before several of the societies, and it has been a privilege and a pleasure. The attendance has been excellent . . . in several places approximately 100%. Great interest was shown. Round table discussions were lively, instructive, and interesting indicating a keen interest in Health Education and in the ways of improving our medical service to the people of

Oregon. This work must be carried on. It is our belief that some member of the executive staff should personally visit each component society during the next year to enhance the interest of the members.

Some members of your Committee have addressed civic organizations and teachers' groups on subjects dealing with health education and political medicine. Such talks have been well received.

REPORT OF REFERENCE COMMITTEE ON REPORTS OF COMMITTEES AND OFFICERS

Your Committee submits the following recommendations:

1. That the reports of the Secretary, the Treasurer, the Delegates to the American Medical Association, and the Committees on State Industrial Affairs, Maternal Welfare Combined With Child Health, Cancer Study, Tuberculosis, Conservation of Vision, Central Blood Banks, and National Diabetes Week, and the recommendations contained therein be adopted.
2. That the report of the Committee on Malpractice be adopted with commendation.
3. That the report of the Committee on Charitable Medical Care be adopted and that the Committee be designated "to act in an advisory capacity to the Oregon State Public Welfare Commission in dealing with differences between physicians and the Commission arising in the administration of the medical care program that cannot be otherwise resolved, and to au-

thorize such committee to hold hearings on the request of the physician or the Commission, and to submit recommendations to the Commission concerning the settlement of such differences," in response to the request of the Commission for an advisory committee with these functions.

4. That the report of the Committee on Public Relations be adopted, and further that the Committee review all radio programs offered under the sponsorship or with the approval of the Society prior to sponsorship or approval.

5. That the following proposed bills presented by the Committee on Public Policy be approved for submission to the 1949 Legislature:

   (a) To require boards licensing practitioners of any healing art to file annually a list of licensees with the Secretary of State, and to provide notice of revocation, suspension of termination of such licenses.

   • • • • •

9028 (c) To provide funds for the operation and maintenance of the child guidance clinic and designating the Oregon State Board of Health as the agency to administer the clinic, and repealing Chapter 171, Oregon Laws 1941.

Respectfully submitted,

William H. Chapman, Chairman
Roderic R. Belknap
Russell L. Johnsrud

It was voted that this report and the recommendations contained therein be adopted.

REPORT OF COMMITTEE ON RESOLUTIONS

Your Committee recommends the adoption of the following resolutions:

1. Resolved, that the Oregon State Medical Society express its sincere appreciation to James C. Hayes for the able and considerable manner in which he discharged his duties as President during the past year.

2. Resolved, that the Oregon State Medical Society express its thanks to the Committee on Annual Session

for the excellent program of papers and exhibits at this session.

3. Resolved, that the Oregon State Medical Society express its appreciation to our guest speakers, Cyrus C. Sturgis, Henry K. Ransom, Norman F. Miller, and Arthur C. Curtis, for their stimulating and instructive scientific papers.

4. Resolved, that the Oregon State Medical Society express its appreciation to Dr. G. Herbert Smith and Mr. Edward H. O'Connor for their excellent addresses at our annual banquet.

5. Resolved, that the Oregon State Medical Society express its thanks to the members of the Jackson County Medical Society, and especially to L. D. Inskeep and R. B. Barnes, Jr., for the splendid arrangements for the housing and entertainment of our members.

6. Resolved, that the Oregon State Medical Society express its appreciation to the management and personnel of the Hotel Medford for the excellent service provided during this session.

7. Resolved, that the Oregon State Medical Society express its thanks to "The Medford Mail Tribune" and Stations KMED and KYJC for their excellent reporting of the events of this session.

8. Resolved, that the Oregon State Medical Society express its appreciation to the Rogue Valley Country Club for its hospitality in extending the use of its facilities to the members during this session.

* * * * *

9029 THEREFORE BE IT RESOLVED, that the Oregon State Medical Society does hereby acknowledge his contribution to public and profession welfare, and express its profound regret of his loss; and

BE IT FURTHER RESOLVED, that a copy of this resolution be sent to Dr. Booth's family.

More than one resolution relating to prepaid medical care was submitted to the House for consideration. The Committee has studied these resolutions and conferred with the sponsors. The Committee recommends the adoption of the following resolution which it believes will carry out the intentions of the sponsor of these resolutions:

WHEREAS, the Oregon Physicians' Service has been sponsored by the Society to provide a prepayment plan of medical care to meet the needs of the low-income group in accordance with the American principle of free enterprise and without the intervention of government; and,

WHEREAS, no ideal plan of prepayment care has yet been devised; and

WHEREAS, there is need for periodic re-evaluation of the organization structure, policies, and administration of such prepayment plans to determine the effectiveness with which they are accomplishing their basic objective and serving the common interests of the low-income groups and the physicians who serve them; and

WHEREAS, the Oregon Physicians' Service has been in operation since December 1941, a sufficient length of time to make such a re-evaluation essential at this time;

THEREFORE BE IT RESOLVED, that the President be authorized to appoint a committee which shall be representative of the Council, the Board of Trustees of the Oregon Physicians' Service, and the general membership of the Society, including non-participating physicians of the Oregon Physicians' Service, which committee shall: (1) study the organization structure, policies, and administration of the Oregon Physicians' Service; (2) study the organization structure, policies, and administration of other voluntary "service" plans and indemnity plans; (3) survey the opinions of the entire membership of the Society toward prepayment medical care in general and the Oregon Physicians' Service in particular; (4) consult with and, if the committee deems it necessary, employ legal, actuarial, and business authorities; (5) make such other investigations as the committee deems necessary; and (6) submit to the Council as expeditiously as possible its findings and recommendations for the improvement of the Oregon Physicians' Service.

Your Committee has carefully considered the resolution concerning the requirements for approval of hospitals for internship and residencies submitted by Raymond M. McKeown, Delegate to the American Medical Association, at the request of Frank R. Menne, Councilor for the First District. The Committee is of the opinion that further action on this subject should not be taken until the results of a similar resolution presented to the House of Delegates of the American Medical Association by our Delegates at its 1948 Session are available. A joint study of the problems involved is now under way by the appropriate national bodies.

Respectfully submitted,

James E. Buckley, Chairman
E. Lew Hurd
A. O. Pitman

It was voted that this report be adopted.

Dear Dr. Boyd:

The Board of Censors of the Multnomah County Medical Society has received information which indicates that the medical practice engaged in by you in connection with certain hospital associations violates the Principles of Medical Ethics of the American Medical Association.

The Board of Censors feels that an investigation of this matter should be made for the good of all concerned.

The Board hereby invites you to an informal conciliatory meeting to discuss this matter. The meeting will be held in the auditorium of the Medical-Dental Building, at 8:30 P.M., on Tuesday, June 11, 1940.

No formal charges have been filed against you. This meeting is called pursuant to the by-laws of the Multnomah County Medical Society which read, in part, as follows:

> "The Board of Censors shall make a preliminary examination into the merits of any case, and make kindly efforts in the interest of peace, conciliation, and reformation. . ."

Will you kindly arrange to be present at this meeting?

Very truly yours,

MULTNOMAH COUNTY MEDICAL SOCIETY

9035 BEFORE THE COUNCIL OF THE MULTNOMAH COUNTY MEDICAL SOCIETY.

Portland, Oregon, September 1, 1936.
7:30 o'clock P. M.

Council Members present:

Dr. R. Banner Brooke, President;
Dr. T. Tharaldsen;
Dr. Otis F. Akin;
Dr. Stanley Lamb;
Dr. Robert Benson;
Dr. Roy A. Payne;
Dr. W. F. Hollenbeck;
Dr. E. W. Rockey;

Dr. F. P. Johnson;
Dr. F. R. Mount;
Dr. Merle L. Margason;
Dr. A. G. Bettman;
Dr. Guy L. Boyden.

Dr. John C. Adams, Secretary;
Mr. Clyde C. Foley, Executive Secretary.
Mr. John J. Coughlin, Attorney, appearing for the Council.

PROCEEDINGS.

The meeting was called to order by Dr. R. Banner Brooke, President.

The minutes of the meeting of July 29, 1936, were read by Mr. Foley, Executive Secretary, and approved.

A letter from Dr. Robert C. Coffey Clinic & Hospital under date of August 24, 1936, was read by the Sec-
9036 retary, and, being considered by unanimous consent, was, upon motion of Dr. Tharaldsen, duly seconded, referred to the Committee on Clinic & Institutional Care.

A letter from the Portland Public Forum, under date of August 17, 1936, signed Charles A. Rice, Superintendent of Schools, was read by the Secretary, and, being considered by unanimous consent, was, upon motion of Dr. Bettman, duly seconded, referred to the Committee on Public Relations.

President Brooke: The matter which we have to discuss this evening is the recommendation of the Board of Censors on the charges of unethical contract practices against Dr. John R. Steagall and Dr. A. H. Johnston. Dr. Steagall is not present, so we will consider the charges of contract practices against Dr. A. H. Johnston, who is now present. I will ask Dr. Adams to read the charges against Dr. Johnston.

Dr. Adams: "After studying the testimony and the exhibits filed at the hearing before the Board of Censors on March 11, 1936, it appears that there is evidence that the contract practice engaged in by Dr. A. H. Johnston in connection with the Prudential Hospital Association is in violation of the Principles of Medical Ethics of the American Medical Association.

"It therefore becomes my duty as a member of the Society to prefer the following charges against Dr. Johnston, based upon his testimony and these exhibits:"

The charges are:

"No. 1: That he is associated with the Prudential Hospital Association of Portland, Oregon.

9037 "2. That the Prudential Hospital Association and Dr. A. H. Johnston are engaged in the contract practice of medicine in such manner as to violate Chapter III, Article VI, Section 2, of the Principles of Medical Ethics of the American Medical Association, in that

"(a) They employ solicitation, directly or indirectly;

"(b) The compensation is inadequate to assure good medical service;

"(c) The manner of conducting their practice, and its tendency and effect, is such as to prevent free choice of a physician;

"(d) The contract practice engaged in, and its practical results, are contrary to sound public policy.

"3. That the Prudential Hospital Association and Dr. A. H. Johnston have violated Chapter III, Article I, Section 4 of the said Principles of Medical Ethics, in that—

"(a) They solicit patients by circulars, advertisements and personal communications;

"(b) They procure patients by indirection through solicitors or agents."

President Brooke: Will you read now the answer of the accused.

Dr. Adams: Dr. Johnston was not present but the following letter from him was received and read by the Board of Censors. It was addressed to Dr. Sears, Chairman of the Board of Censors:

"Dear Dr. Sears: I am very sorry that I will be unable to attend your meeting on Wednesday evening, however I wish to protest emphatically against the charges
9038 preferred against me by the Multnomah County Medical Society and specifically the following charges:

"Charge #1—I am not associated with the Prudential Hospital Association except that I do referred work for them, for which I am paid. I am not, however, on a salary.

"Charge #2—I am not associated with the Prudential Hospital Association nor engaged in the contract practice of medicine.

"Charge #3—I am not associated with the Prudential Hospital Association nor do I solicit patients by advertising, circulars, or otherwise.

"My offices and waiting room are entirely separate from the Prudential Hospital Association and I have my own telephone, my name does not appear anywhere in connection with the Prudential Hospital Association and I have no interest, financially or otherwise in the above Association.

"Should it become necessary I will defend myself legally against these charges if any adverse action is taken by the Multnomah County Medical Society or the Board of Censors.

"Very truly yours, A. H. Johnston, M.D."

President Brooke: Dr. Johnston, you can now be heard, if you desire to be heard in this matter.

Dr. A. H. Johnston: I beg pardon?

President Brooke: You may be heard now if you desire to be heard.

Dr. A. H. Johnston: Well, I think that I stated in that letter very clearly that I protest those charges, and
9039 I don't think they are true. The past fifteen years I have been a member of this Medical Society except the time I was up in Eastern Oregon, and just about a year ago I moved here to Portland. And the Prudential Hospital Association—I have nothing to do with them whatsoever. It is true, as I told you in the letter, that I do referred work, for which I am paid. My office is entirely separate. My waiting room—Dr. Rose is associated with me. My waiting room and office are entirely separate, and my own private telephone. I can't see where you can say that I am associated with them, except I do that referred work.

I don't want to do anything against the Medical Society. I have got nothing against it. I have always been in favor of the rules and regulations. But, gentlemen, whenever you say that I am associated with a hospital association for which I do referred work, I don't think you can make it stick. There are gentlemen right in this room that have done referred work for hospital associations if that work is sent to them, and charge them for it, present their bill and they are paid; and those men know right here in this room who they are. In fact, just about two weeks ago there was a case sent up to a specialist here in this town, in which he refused to take it because he knew it was a hospital

association case, but he said, "Send that case to me and let the man pay me and I will take the money." Now if you can see any difference, gentlemen, in that arrangement I can't see it. Not making any charges against anyone particularly, but it is true, and you know it. But when you say

9040 that I am associated with the Hospital Association, that I am in the contract practice of medicine, I can't see how you can make it stick. You can't.

I want to deny those charge. I have got nothing whatsoever to do with the policies of that Association. I have no interest financially; I don't own any stock in the Association at all. I am not paid any salary. I have my own office. They send me work. I charge them for it.

Now that is the only charge you have made against me. If that is guilty of unethical conduct, why, maybe so.

As far as the Prudential Hospital Association is concerned I am going to in time sever my connections with them but at the present time I can't do it right away. I intend to as soon as possible discontinue any practice, any association at all with referred work, but that is all that I can see I am guilty of, taking referred work. In fact, that is all I have done. If I am guilty of something else I would like to know it.

I will be glad to answer any questions at all on this line.

President Brooke: Dr. Adams.

Dr. Adams: It might be worth while saying in this connection that in the earlier meetings of the Board of Censors, before these formal charges were preferred, that Dr. Johnston was called and acquainted with the situation. He admitted that the Prudential Hospital Association included such things as chiropractic and optometric services in their advertising circulars. At least they were shown to him in the meeting. He also admitted that in many respects their advertising and solicitation of patients, their distribution

9041 of circulars from door to door, was not ethical. As a matter of fact, at that time he conceded that the charges of association with an industrial association, which was very much unethical, was true; that these charges were perfectly true; and that happened about six months ago. So he has been aware of the fact that he is receiving referred work from an association, which is grossly and flagrantly violating all of our principles. The first notice came to his attention at least six months ago, or thereabouts. So that the question arises as to whether it is any more flagrant a violation if he actually went in the Hospital
